<b>Policy Number:</b>	<b>Effective Date :</b> February 20, 2017	<b>Page:</b> 1 of 2

## I. PURPOSE

This policy sets forth the requirements for coaches and coaching staff members to understand their restrictions in contacting faculty members and other academic administrators regarding a student-athlete’s academic pursuits. Though well-intentioned, these coach-initiated contacts may be perceived as exerting pressure to make an academic concession on behalf of a student-athlete which may, in turn, compromise the academic integrity of the institution and jeopardize both the student-athlete’s academic experience and NCAA requirements.

## II. SCOPE

This policy applies to all coaches and coaching staff members and all student-athletes of Villanova University. **The policy applies to contacts directly related to a student-athlete’s academic pursuits, and does not include contacts that are general in nature.** This policy is created in an effort to make sure that all coaches and their staff act responsibly, ethically, and with integrity.

## III. DEFINITIONS

“Directly related to a student-athlete’s academic pursuits” refers to instances of the academic experience of the student-athlete while attending Villanova and includes topics such as grades, exams, quizzes, assignments, coursework, course progress, coursework deadline extensions, laboratories, group projects and all matters of academic standing and academic integrity.

A “student-athlete” for the purposes of this policy is defined as a Villanova student who is a member of any of the institution’s NCAA Division I intercollegiate men’s and women’s varsity athletic programs.

## IV. POLICY STATEMENT
